## MIDNIGHT BLUE

[coverdale/slick]  
in the cold light of the morning  
i watch the sunrise slowly dawning  
i close my eyes and i see you there  
and the silence takes my breath away  
i can't stand to face another day  
in the evening when the sun goes down,  
i reach out for you but you're not around  
you color my world midnight blue  
so what's a man like me to do  
with all the love i feel for you  
come and take me midnight blue  
here i am waiting for you  
when i'm troubled and all alone  
you shine down on me  
when i need sympathy  
under street lights i walk alone  
hiding in shadows from dusk to dawn  
the taste of your perfume  
on the cold night air  
leaves a sadness hanging over me  
the thought of you won't let me be  
come and take me midnight blue  
here i am waiting for you  
when i'm troubled and all alone  
you shine down on me  
when i need sympathy

## TOO MANY TEARS

[coverdale/vanlenberg]  
i used to be the man for you  
did everything you wanted me to  
so tell me baby  
where did i go wrong  
i told you what you wanted to know  
precious secrets never spoken before  
all i'm asking  
where did i go wrong  
some things are better left unsaid  
but all i do is cry instead  
now i've cried me a river  
thinking how it used to be  
there've been too many tears falling  
and there've been too many hearts  
breaking in two  
remember what we had together  
believing it would last forever  
so tell me baby  
where did i go wrong  
everything i had was yours  
more than i have ever given before  
so won't you tell me  
did i hurt you so bad  
i guess i'm fooling myself  
'cause i want you and no one else  
and i can't understand  
why you're doing these things to me  
there've been too many tears falling  
and there've been too many hearts  
breaking in two  
remember what we had together  
believing it would last forever  
so tell me baby

where did i go wrong  
now my heart is breaking  
my whole world is shaking  
'cause i can't understand  
why you're doing these things to me  
there've been too many tears falling  
and there've been too many hearts  
breaking in two  
remember what we had together  
believing it would last forever  
so tell me baby  
where did i go wrong  
guitar/guitar synth/acoustic

**DON'T LIE TO ME**  
[coverdale/slick]  
i've been lied to all my life  
it cuts me to the bone  
but i've survived  
lies and deceptions  
so hard to see  
when i needed you  
you turned your back on me  
where were you when i needed you  
everything you asked of me i tried to do  
so don't lie to me  
don't lie to me  
do anything you want

but don't lie to me  
i was drowning in misery  
behind your painted smile  
you laughed at me  
but i've got your number  
it's clear to see  
i wouldn't treat a dog  
the way you treated me  
where were you when i needed you  
everything you asked of me i tried to do  
so don't lie to me  
don't lie to me  
do anything you want  
but don't lie to me  
don't lie to me  
one thing i can't stand  
is when you lie to me  
where were you when i needed you  
everything you asked of me i tried to do  
and all because i trusted you  
i've been lied to all my life  
it cuts me to the bone  
but i survive  
nothing ever changes  
it's still the same  
but one day you'll get yours  
in the lying game  
so don't lie to me  
don't lie to me  
one thing i can't stand  
is when you lie to me  
don't lie to me  
do anything you want  
but don't lie to me

don't lie to me  
don't lie to me  
one thing i can't stand  
is when you lie to me  
guitar/vocals: doug bossi

## WHEREVER YOU MAY GO

[coverdale]  
you mean the world to me  
more than i can say  
and when i look at you  
it takes my breath away  
i look into your eyes  
and see the love for me  
once again i realise  
there's no where else  
i'd rather be  
and when my life is over  
when my time is through  
i'll still be loving you  
you're all i want  
everything i need  
when i look at you  
it's easy to believe  
no matter what you say  
no matter what you do  
wherever you may go  
my heart will follow you  
acoustic guitar: doug bossi  
spanish guitar: marco mendoza  
anglo/heartbeat: john x  
sounds: bjorn thorsrud  
lead vocal: david coverdale

you stand beside me  
when my back's against the wall  
you cradle my uncertainty  
and catch me when i fall  
so put your arms around me  
like a circle around the sun  
touch me with your healing hands  
and show my life has just begun  
and when this time is over  
when this life is through  
i'll still be loving you  
you're all i want  
everything i need  
when i look at you  
it's easy to believe  
no matter what you say  
no matter what you do  
wherever you may go  
my heart will follow you
